

NEW FEATURES

■ 2JZ-GE ENGINE

1

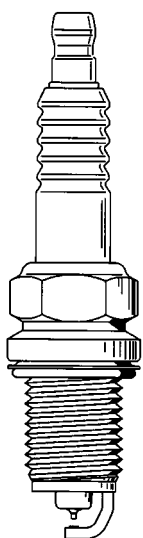

1. General

The '01 GS300 continues to use the 2JZ-GE engine of the '00 GS300. To further improve engine performance, fuel economy, and reduce exhaust emissions, the following changes have been made:

- Iridium-tipped spark plugs have been adopted.
- A fuel cut control is adopted to stop the fuel pump when the airbag is deployed at the front or side collision.

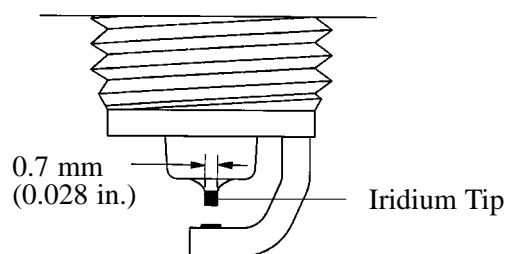

2. Spark Plug

Iridium-tipped spark plugs have been adopted to improve the ignition performance while maintaining the same level of durability of the platinum-tipped spark plugs.
