

STARTING SYSTEM

NOTE: The specification descriptions "**USA Spec.**" and "**Exc. USA Spec.**" used in this section indicate the following specifications.

USA Spec.: USA (50 States) Specifications

Exc. USA Spec.: USA (except California) and Canadian Specifications.

DESCRIPTION

The starter is a reduction type starter with a small, high-speed motor used to drive the pinion gear. It is installed in the center of the V-bank of the cylinder block.
