Dear eBay member,

The following item(s) are protected in this eBay transaction:

<p>Item entitled : 2004 Z06 LS6 Engine 405 HP W/T56 6Sp & Acc 243</p>	<p>TRANSACTION DETAILS</p> 
--	---

Complete your eBay transaction in 4 easy steps:

1. eBay accepts the transaction and offers purchase protection to the buyer (if the transaction is declined, no further action is required from the buyer or the seller);
2. The buyer sends payment and the seller receives it. After the payment is received, the seller must notify eBay. Buyer will send the payment details directly to the seller's email address. The seller has three business days to send the tracking number of the shipment to the buyer and to eBay. If no tracking number is provided, a full refund is immediately sent to the buyer;
3. Buyer receives the merchandise and has five days to inspect it. If it is complete and as described, the buyer should accept the merchandise. If he refuses the merchandise, the buyer must ship the merchandise back to the seller within three business days.
4. After the inspection period is over, the buyer must contact eBay with the result of the inspection. If the buyer refuses the merchandise, the refund will be sent to the buyer after the tracking number for the return shipment is verified.

 **Payment instructions:**

 **Next step to be taken: The buyer must send the payment to the seller via Money Gram :**

Our seller use Money Gram Service for the payment due the fact is not able to use PayPal as a method of payment for the moment.

Payment must be sent by Money Gram.

Next step to be taken: The buyer must send the payment to the seller.

To submit the payment with Money Gram you have the following option:

Pay for the transfer with cash at a local Money Gram agent.

Click here to locate the agents in your area: <http://www.moneygram.com/eFindUs/findUs.do?countryCode=US&languageCode=en>

However, Money Gram is designed mainly for sending cash to friends and family in need, so telling them you are sending the money to an eBay seller will prevent your money transfer to go through and you will be unable to complete this transaction.

Because the fee to send a Money Gram is high, compared to other methods of payment, we have arranged with the seller to compensate for half of this fee (i.e. if it costs you US\$ 100.00 to send the payment, take US\$ 50.00 from the amount insured and send the balance).

 **Once the payment was sent, email the seller at:**  mcdonoughpatrick@aol.com **the following information :**

- 1) 8 digits(Reference number):
- 2) Exact sender's name on file with Money Gram:
